

How do I take wax off a travertine floor?

Saved From: <http://stoneandtilepros.com/kb/article/how-do-i-take-wax-off-a-travertine-floor-149.html>

Q. How do I take wax off a travertine floor?A. You will need to use an alkaline stripper. I would recommend Stonecare PRO Signature DEEP CLEAN Stripper Degreaser. You can find it at www.stonecarecentral.com. Be careful to follow the instructions on the label. [Dr. Fred](#) Fred M. Hueston, PhD Chief Technical Director
